# A COMMUNITY OF CARING, A CELEBRATION OF LIFE.

## Every day is a gift!

*At Methodist Senior Services we also see each day as a new opportunity to serve older adults. It is the spirit of Christian love that inspires staff members and volunteers to provide the kind of care they would want for themselves or their loved ones. The result is a warm, comfortable and caring atmosphere you can sense the moment you arrive on our campuses.*

## Our Dedication to Excellence

Our outstanding service to elders has been recognized with EAGLE Accreditation. EAGLE stands for Educational Assessment Guidelines Leading toward Excellence and is the national accrediting process of the United Methodist Association of Health and Welfare Ministries to which we belong. Methodist Senior Services is the only retirement community organization in Mississippi with EAGLE accreditation.

*Whatever you do, work at it with all your heart. ~Colossians 3:23*

## Our Commitment to Innovation

We are continually working to enhance and enrich the care we provide Mississippi elders today and in the future. The most dramatic example is our participation in THE GREEN HOUSE® project. Methodist Senior Services built the nation's first Green House® homes in Tupelo – the realization of a revolutionary approach to long-term care based on the Eden Alternative principles developed by Dr. William Thomas, a New York gerontologist. We are committed to expanding this concept and pioneering new and even more effective approaches to elder care.

*Where there is no vision, the people are lost. ~Proverbs 29:18*

## Our Desire for You and Your Family

Providing quality senior housing and health care at an affordable price is at the heart of our mission. We strive to be affordable for the average Mississippian, and government assistance is available on some campuses to those who qualify.

*You will live secure and full of hope. ~Job 11:18*

*Have you ever wondered what option best suited your retirement lifestyle? Are all of the “levels of care” terms confusing and make your pathway through retirement unclear? Let us help you understand what options are available on our state-wide campuses and what services can be expected at each campus.*

## **Apartments/Cottages/Villas**

Our apartments, cottages and villas are perfect for those who live on their own in an apartment or house, but who want the convenience of living within a community that provides services and amenities such as housekeeping, social activities, dining, transportation, and an emergency response system. Some campuses offer the option of assistance with daily tasks or nursing support to be added if residents need it later.

## **Personal Care/Assisted Living**

Personal Care/Assisted Living residents are those who do not need 24-hour or complex nursing support, but may need or want assistance with some aspects of daily life. Our staff provides assistance with daily tasks such as dressing, bathing, meals, housekeeping, laundry service, transportation, and medication management.

## **The Green House® Homes**

The Green House® Homes provide skilled nursing care or assisted living like you've never seen it! This revolutionary concept rethinks the “institutional approach” that has long been the standard in elder care. Traceway is home to the nation's first Green House® Homes. Named “Green Houses” because they encompass life and growth, each house has either 10 to 12 private bedrooms encircling the ‘hearth,’ complete with fireplace and dining table where elders share their meals ‘family-style.’

The Green Houses® help elders live as closely as possible to how they lived in their family homes.

## **Skilled Nursing Care**

Skilled Nursing Care is for those who need ongoing long-term nursing care or for those who need short-term concentrated rehabilitation and therapy while recovering from surgery or an illness. Our staff provides the sophisticated services and 24-hour support needed by residents with serious health challenges. Utilizing the Eden Alternative principles, MSS offers person-centered care that celebrates the unique needs and differences of each resident with a full range of personalized dining, therapeutic, social, spiritual and recreational services.

## **Memory Support Services**

Memory Support services are offered through our assisted living and skilled nursing programs and help those with Alzheimer's and other dementia-related challenges rediscover the joy in everyday life. MSS celebrates the individuality of each resident through personalized activities that encourage creativity and self-expression and well-being. We work with residents individually, striving for small successes that help create a sense of accomplishment.

## **Rehabilitative & Wellness Services**

Rehabilitation and Wellness services are designed to help you maintain and improve independence. We offer rehabilitation for:

- Short-term inpatient stays, often needed after surgical procedures
- Home health care in our assisted living communities
- Out-patient rehabilitation for adults of all ages
- Long-term skilled nursing care residents

*Please contact  
campuses or visit  
[www.mss.org](http://www.mss.org) for campus  
specific service details.*

## Senior RX: In-house Pharmacy

As a division of Methodist Senior Services, our pharmacy will work with your healthcare provider to develop a monthly drug regimen tailored for your medical needs.

Senior RX can provide specialized packaging designed specifically for each resident which eliminate opening multiple bottles thus reducing medication errors.

Please consult with your admission counselor about the availability of this service on your campus.

For more information, you may call Senior RX directly at 662-840-1022.

## Senior TX: Inpatient/Outpatient Therapy Services

The skilled rehabilitation and therapy staff provides a comprehensive approach designed to accomplish individualized therapy goals.

### Inpatient/Residential Care

Provides 24-hour physician authorized nursing and rehabilitative care including physical, occupational and speech therapy designed to help rebuild health and strength for everyday living.

### Outpatient/Community Care

Our outpatient rehab programs offer the best of both worlds. Patients, who are age qualified, can receive their professional medical rehabilitation treatments while enjoying all the comforts of their own home both on campus, or off. Because residential services are not utilized, outpatient care is often the most cost effective program for patients. Our team works hard to accommodate special scheduling needs and understands the importance of timely, effective and productive treatment programs.

Please consult with your admission counselor about the availability of this service on your campus.

## Outreach Programs: Serving Elders' Needs

### Meals on Wheels of Lee County

Offering warm meals five days a week to qualified elders still living in their own homes in Lee County. 662-844-1441

### NextAge Mississippi

Your "one-stop resource" to provide information, support, services, and relationships to older Mississippians and their families as they grow and live into elderhood—their next age. [www.thenextage.org](http://www.thenextage.org) or 1-844-GO NEXTAGE (1-844-466-3982)

## OUR MISSION:

*To serve  
older adults  
in the spirit  
of Christian love.*

## OUR VISION:

*To make Mississippi  
the best place in  
the country to  
grow old.*

## OUR CORE VALUES:

- *Servant ministry*
- *The dignity of elders*
- *Compassion for those we serve*
- *Operational excellence*
- *Innovative service*

Founded in 1962 in Tupelo, Mississippi, Methodist Senior Services is a faith-based, not-for-profit organization that provides comfortable, affordable housing and other services across the state to meet the physical, social and spiritual needs of older adults.

Our success is due to a steadfast commitment to excellence and an unending search for new and better ways to serve those in our care.
