COMMITMENT

Our commitment is to deliver the highest quality care and rehabilitation enabling residents to reach their highest functional independence.

SHORT-TERM REHAB

Residents can receive physical, occupational and speech therapy in a warm and personalized environment. 24-hour skilled nursing care, authorized by a physician, is provided.

MEDICARE

Utilize your Medicare Part A rehab days here. Short Term Rehab is the same as “swing bed,” only here you are in a home-style environment.

 Love.*

The Green House® Concept

provides a warm and nurturing environment where residents enjoy meaningful activities. Our goal is to provide excellent care and rehabilitation in a home-style atmosphere.

Each home is designed to accommodate 10 elders. Each elder has their own private room and bath that they can decorate with their own personal furnishings. These rooms surround a large living area complete with fireplace, wide screen television, open kitchen with breakfast bar and a large family-style dining table.

Your
rehab
location
is
ALWAYS
a choice.
Make it
Martha
Coker!

Residents choose their own social activities and may interact with the group at any time. A specially trained caregiver who is also a Certified Nursing Assistant provides support and leadership in the home.

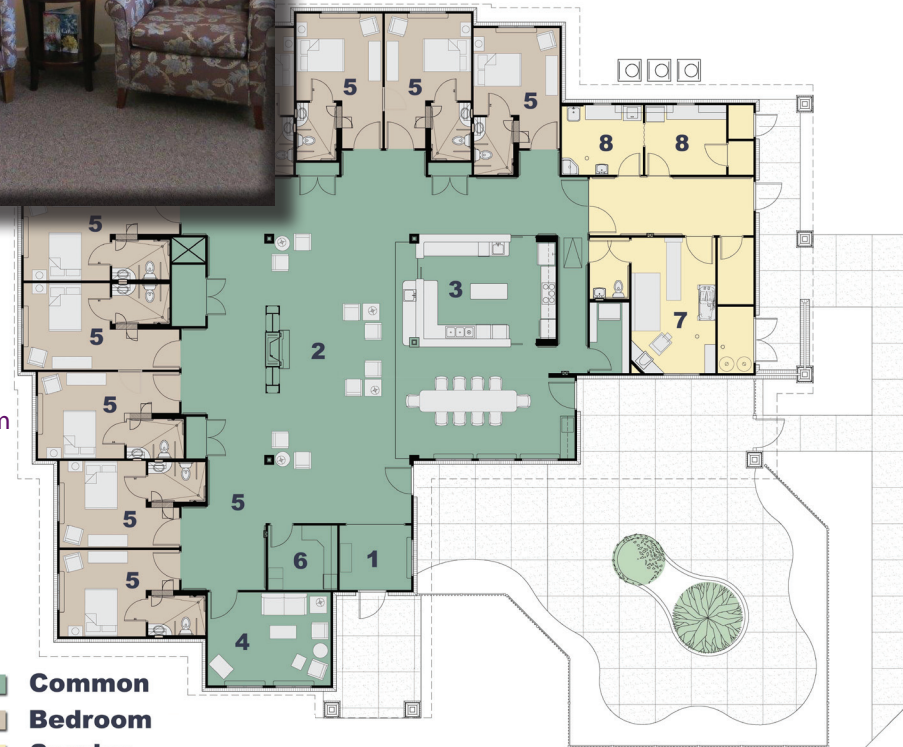

Medical care is available 24/7. Martha Coker is a skilled nursing facility and is Medicaid and Medicare certified.

Our Green House® Homes boast 10 **all-private rooms** with **private baths** with easy access to common dining and gathering areas.

1. Foyer
2. Hearth Room
3. Kitchen
4. Den
5. Bedroom
6. Office
7. Spa
8. Laundry
