

Hello Friends! This is your Trinity Campus COVID-19 Update for June 24, 2021.

Trinity Healthcare Center is pleased to be eight weeks COVID free.

We continue following all recommendations provided by CMS and the Mississippi State Department of Health. Please note that the MSDH defines and outbreak in a long-term care facility as a single positive case among elders or employees.

For those of you who have loved ones living at Trinity Healthcare, indoor and outdoor visits are available by appointment. Outdoor visits are preferred. No matter where the visit, you will have to fill out a health questionnaire, sanitize your hands, wear a mask and practice social distancing.

Trinity Personal Care and Trinity Place Apartment Living continue with no reported cases of COVID-19. In these locations, visiting, activities and dining will remain open as they have been.

Throughout Mississippi, the vaccine is now being offered to all over the age of 12. The most recent updates from the CDC are very encouraging.

For COVID-19 updates, please call 662-844-8977, Extension 210. As always, if you have any questions, please feel free to contact the Trinity office at (662) 327-6716.

Bless you and be safe!
