

Hello Friends! This is your Trinity Campus COVID-19 Update for July 1, 2021.

Trinity Healthcare Center has an employee who has tested positive for COVID-19. The employee is quarantined at home and receiving appropriate care. We continue to follow CDC criteria for all employees returning to work. At this time, all visits and group activities are being postponed. It is our hope that this is an isolated case and we will be able to resume visits and activities as normal in the upcoming week.

We continue following all recommendations provided by CMS and the Mississippi State Department of Health. Please note that the MSDH defines an outbreak in a long-term care facility as a single positive case among elders or employees.

Trinity Personal Care and Trinity Place Apartment Living continue with no reported cases of COVID-19. In these locations, visiting, activities and dining will remain open as they have been.

Throughout Mississippi, the vaccine is now being offered to all over the age of 12. The most recent updates from the CDC are very encouraging.

For COVID-19 updates, please call 662-844-8977, Extension 210. As always, if you have any questions, please feel free to contact the Trinity office at (662) 327-6716.

Bless you and be safe!
