

Hello Friends! This is your Trinity Campus COVID-19 Update for July 13, 2021.

Trinity Healthcare Center is pleased to be over one week free of COVID-19. We are now hosting outdoor visits by appointment.

We continue following all recommendations provided by CMS and the Mississippi State Department of Health. Please note that the MSDH defines and outbreak in a long-term care facility as a single positive case among elders or employees.

Trinity Personal Care continues with no reported cases of COVID-19. At Trinity Place Apartment Living, we have had one employee who has tested positive for COVID-19. Other employees who work in the same area have been tested and it is an isolated case. In these locations, visiting, activities and dining remain open as they have been.

Throughout Mississippi, the vaccine is now being offered to all over the age of 12. The most recent updates from the CDC are very encouraging for those who have been vaccinated.

For COVID-19 updates, please call 662-844-8977, Extension 210. As always, if you have any questions, please feel free to contact the Trinity office at (662) 327-6716.

Bless you and be safe!
