Hello Friends! This is your Trinity Healthcare COVID-19 Update for July 23, 2021.

In today's group testing of all elders and employees, we had two elders who tested positive for COVID-19. The elders are quarantined and receiving appropriate care. At this time, visits, group dining and activities are being postponed until another round of testing is completed early next week.

We continue to follow all guidance set forth by state and federal officials for privacy, elder care, employee safety, and efforts to stop the spread of COVID-19. We closely adhere to the routine testing policy for elders and employees as laid out by CMS and the MSDH.

Mississippi is once again having an increase in cases being reported. The CDC news is encouraging for those who are vaccinated. Many locations locally are offering the vaccine to anyone age 12 and over. If you have not yet received yours, please consider doing so.

For COVID-19 updates, please call 662-844-8977, Extension 210. As always, if you have any questions, please feel free to contact the Trinity office at (662) 327-6716.

Bless you and be safe!
