Hello Friends! This is your Henry Clay COVID-19 Update for September 30, 2021.

We are four weeks free of any cases of COVID-19 at Henry Clay. Hopefully, this will be the last weekly update for a while. If we have a positive test in the future, updates will resume.

Please know that we have followed, and will continue to do so, all guidance set forth by state and federal officials for privacy, elder care, employee safety, and efforts to stop the spread of COVID-19

Mississippi is currently seeing very large numbers of infections diagnosed each day and we must remain vigilant in order to prevent further infection at The Henry Clay. The latest updates from the CDC and medical professionals show that those who are fully vaccinated are much better protected against COVID-19 than those who are not. If you have not received the vaccine, please consider doing so at this time. All people regardless of vaccination status should wear a mask when in an area of high transmission.

As a reminder, we are posting regular updates online and our dedicated message line. You can call 662-844-8977 Ext. 235 for a pre-recorded message or go to mss.org/HenryClay and click on the COVID-19 Update Button. As always, you can reach out to the team at the Henry Clay for any questions you may have.

Bless you and be safe!
