

Hello Friends! This is your Aldersgate COVID-19 Update for January 14, 2022.

We have been notified that one elder from the Apartments at Aldersgate has been diagnosed with COVID-19. The elder is quarantined and is receiving appropriate care.

As always, we continue to follow all guidance set forth by state and federal officials for privacy, elder care, employee safety, and efforts to stop the spread of COVID-19.

We understand there is a lot of COVID fatigue out there, but our best path forward is to follow the established protocols and limit the spread as much as possible. Ultimately, vaccination remains the best and most widely available protection against severe illness, hospitalization or death from COVID-19. We strongly encourage everyone to get vaccinated and boosted.

Aldersgate is currently open to indoor visits, but it is important that you understand your risks before visiting. Lauderdale County currently has a 40.9% positivity rate for the virus. Visiting Aldersgate during an active outbreak places visitors at an increased risk of contracting the virus, as well as potentially passing the virus on to the elders and team members. Please consider this as you make plans to visit our campus.

As a reminder, the fastest and easiest way to receive updated Aldersgate COVID-19 information is to call 662-844-8977 Ext. 212 for a pre-recorded message or go to mss.org/Aldersgate and click on the COVID-19 Update Button. As always, you can reach out to the Aldersgate Team at (601) 482-5561 for any questions you may have.

Bless you and be safe!
