

Hello Friends! This is your Cedars Rehab and Recovery and Green House COVID-19 Update for July 16, 2021.

In today's testing of the elders and employees at Cedars Rehab and Recovery, we had an elder test positive. The elder is quarantined and receiving appropriate care. All elders and employees at Cedars Rehab and Recovery and the Green Houses will be tested again on Monday, July 19. Pending the results of those tests, we may be able to begin some outdoor patio visits in Green Houses where there are no positive cases. At this time, all visits will have to be outdoors due less than 70% of our elders accepting the vaccination and our county positivity rate. If your loved one is not vaccinated and you would like them to be, please notify Anitra Witherspoon, Director of Nursing, Tammy Martin, Administrator, or Kasie Wood, Executive Director.

We continue following all recommendations from CMS and the Mississippi State Department of Health. Remember, the MSDH defines an outbreak as a single case among elders or staff in long term care.

Distribution of vaccines is now being offered to all Mississippians over the age of 12. The most recent updates from the CDC are very encouraging for those who are vaccinated.

As a reminder, we are posting regular updates online and our dedicated message line. You can call 662-844-8977 Ext. 224 for a pre-recorded message or go to mss.org/Traceway and click on the COVID-19 Update Button. As always, you can reach out to our administrative office at Traceway for any questions you may have.

Bless you and be safe!
