

Hello Friends! This is your Cedars Rehab and Recovery and Green House COVID-19 Update for July 21, 2021.

We had an employee test positive for COVID-19 today; she was not at work but has worked this week. The employee is quarantined and receiving appropriate care. All elders and employees at Cedars Rehab and Recovery and the Green Houses will be tested again on Thursday, July 22.

At this time, there can be no visits at Cedars Rehab and Recovery or in the Coen Green House or Page Green House. All other Green Houses are open for outdoor visits on the patio. All visits will have to be outdoors due less than 70% of our elders accepting the vaccination and our county positivity rate. If your loved one is not vaccinated and you would like them to be, please notify Anitra Witherspoon, Director of Nursing, Tammy Martin, Administrator, or Kasie Wood, Executive Director.

We continue following all recommendations from CMS and the Mississippi State Department of Health. Remember, the MSDH defines and outbreak as a single case among elders or staff in long term care.

Distribution of vaccines is now being offered to all Mississippians over the age of 12. The most recent updates from the CDC are very encouraging for those who are vaccinated. There are many locations locally where you may receive the vaccine; if you have not yet, please consider it.

As a reminder, we are posting regular updates online and our dedicated message line. You can call 662-844-8977 Ext. 224 for a pre-recorded message or go to mss.org/Traceway and click on the COVID-19 Update Button. As always, you can reach out to our administrative office at Traceway for any questions you may have.

Bless you and be safe!
