

Hello Friends! This is your Martha Coker COVID-19 Update for July 23, 2021.

We are pleased to be two weeks free of COVID-19 on our campus. We are happy that at this time, visits may resume with your loved ones. We encourage you to consider visiting outdoors on the patio when weather permits, outdoor visits are the safest. Indoor visits are available but must take place in your loved one's room. Please remember that the elders should have no more than two visitors at a time. All visitors must complete a screening form, sanitize your hands prior to visiting, wear a face covering that covers your nose and mouth, and practice social distancing.

We continue following all recommendations provided by CMS and the Mississippi State Department of Health. Please note that the MSDH defines an outbreak in long-term care facilities as a **single** positive case among elders or employees.

The vaccination is being offered to all Mississippians over the age of 12 and the most recent news from the CDC is encouraging for those who are fully vaccinated. There are several locations offering the vaccine locally and if you have not yet received it, please consider it at this time.

If you have any questions, please feel free to contact the Martha Coker office at (662) 746-4621.

Bless you and be safe!
