

Hello Friends! This is your Seashore Highlands COVID-19 Update for March 22, 2021.

Over the past four weeks, we have had no newly reported cases of COVID-19 among our elders or employees. At this time we will discontinue weekly updates; however, if a case is reported, updates will resume.

We continue following all recommendations provided by CMS and the Mississippi State Department of Health. Please note that MSDH defines an outbreak in long-term care facilities as a single case among elders or employees.

Mississippi cases continue to decline and the vaccine distribution is now available for all Mississippians over 16 years of age. Hope is here! We are ready to begin welcoming visitors back into our home. Outdoor visits are still preferred but as we are moving toward normalcy, we are welcoming visits indoors as well. During your visit, you will have to fill out a visitor screening, practice social distancing of six feet, wear a mask that covers your nose and mouth, and perform good hand sanitation.

For any questions, please feel free to contact the Seashore Highlands office at (228) 831-7000.

Bless you and be safe!
