

Hello Friends! This is your Traceway COVID-19 Update for December 6, 2021.

We have been notified that an employee from Cedars Rehab & Recovery and the Green House Homes has been diagnosed with COVID-19 outside of work. The employee has been off work for several days leading up to the diagnosis. The employee is quarantined at home and is receiving appropriate care. We continue to follow the CDC's criteria for return to work for all employees. Traceway Manor and the Mitchell Center remain Covid-19 free.

We have notified public health officials and continue to follow all recommendations provided by CMS and the Mississippi State Department of Health. Please note that the MSDH defines an outbreak in long-term care facilities as a single positive case among elders or employees. In addition, we closely adhere to the routine testing policy for elders and employees as laid out by CMS and the MSDH.

At this time, we are still able to have visits in all areas of the campus. We want to remind everyone that the most recent visiting guidelines can be found in the COVID-19 Update Portal at mss.org. In addition, we'd like to remind everyone that the safest protection against COVID-19 is to be fully vaccinated. If you have not taken the vaccine, please consider it at this time.

As a reminder, family and staff members can continue to obtain regular COVID-19 updates by calling the hotline at 662-844-8977, Extension 224 or by going to mss.org/Traceway and clicking on the COVID-19 Update Button. We hope this helps keep you well informed. As always, if you have any questions, please feel free to contact the Traceway team at 662-844-1441.

Bless you and be safe!
