

Hello Friends! This is your Traceway Campus COVID-19 Update for July 6, 2021.

We have been notified by an elder at Traceway Manor that they have testing positive for COVID-19. The elder is quarantined and receiving appropriate care. At this time, it appears to be an isolated case and no other elders or employees have reported any symptoms.

We are thankful that over the past 25 weeks, we have had no newly diagnosed cases of COVID-19 at Mitchell Center.

Over the past 20 weeks, no new cases have been identified at Cedars Rehab and Recovery or the Green Houses. We are offering indoor visits though outdoor visits are still preferred. No matter where the visit, you are required to fill out a screening questionnaire, sanitize your hands, wear a mask covering your nose and mouth and practice social distancing guidelines of six feet.

We continue following all recommendations from CMS and the Mississippi State Department of Health. Remember, the MSDH defines an outbreak as a single case among elders or staff in long term care.

Distribution of vaccines is now being offered to all Mississippians over the age of 12. The most recent updates from the CDC are very encouraging for those who are vaccinated.

Covid-19 updates are available by calling 662-844-8977, Extension 224. As always, if you have any questions, please feel free to contact the Traceway office at (662)844-1441.

Bless you and be safe!
