

Hello Friends! This is your Wesley Manor COVID-19 Update for January 10, 2022.

We have been notified that one employee from Wesley Manor has been diagnosed with COVID-19. The employee is quarantined and is receiving appropriate care. We continue to follow the CDC's criteria for return to work for all employees.

AS always, we continue to follow all guidance set forth by state and federal officials for privacy, elder care, employee safety, and efforts to stop the spread of COVID-19.

The Omicron variant is causing a large spike in cases across the state of Mississippi. We encourage everyone to take all measures possible to slow the spread of the virus. Please practice social distancing, wear a mask, perform good hand sanitation and keep group gatherings few and small.

Vaccination remains the most effective way to prevent severe illness, hospitalization, and death from COVID-19. Everyone aged 5 and older should be fully vaccinated, and those 18 and over should receive a booster at the appropriate time.

While we are currently open to indoor visits, it is critical that everyone take every measure possible to protect the elders and our team members.

As a reminder, family and staff members can continue to obtain regular COVID-19 updates by calling the hotline at (662)844-8977 Ext. 233, or by going to mss.org/WesleyManor and clicking on the COVID-19 Update Button. We hope this helps keep you well informed. As always, if you have any questions, please feel free to contact the Wesley Manor Team at (601)264-8847.

Bless you and be safe!
