

Due to recommended CDC guidelines
and out of an abundance of caution,
MSS will continue to protect our elders
from the spread of the COVID-19
by discontinuing

ALL visitation effective

Thursday, March 19, 2020.

Only **Health Essential** visitors are
allowed & must check in at the
designated checkpoint for a health
screen and proceed directly to the
resident's room. All visits will be
limited to that area.

Thank you for your support!
